

AGRICULTURE WORKS HARD FOR ▶ WALWORTH COUNTY

Family-owned farms, food processors and agriculture-related businesses generate thousands of jobs and millions of dollars of economic activity for Walworth County, while contributing to local income and tax revenues.

Agriculture's annual impact:

WHAT DO OUR FARMS PRODUCE?

HOW MANY PEOPLE DOES AGRICULTURE EMPLOY?

WHAT IS THE ECONOMIC IMPACT?

HOW MUCH TAX DOES AGRICULTURE CONTRIBUTE?

WHO OWNS THE FARMS?

HOW MUCH IS SOLD LOCALLY?

WHO TAKES CARE OF THE LAND?

THE AGRICULTURE SECTOR BENEFITS THE ENTIRE COUNTY

Agriculture in the county is extremely diverse, and in addition to production grain and dairy, the county is home to a wide range of livestock and horticultural crops. The direct marketing of vegetables, meat and poultry, cheese, and fruits is a rapidly growing segment of county agriculture. As one of the state’s top tourist destinations, the well-kept farms and pastoral landscapes are a valuable asset.

Did you know?

WALWORTH COUNTY IS
No. 5 in Wisconsin’s
sheep & goats industry

Extension
 UNIVERSITY OF WISCONSIN-MADISON

The University of Wisconsin–Madison Division of Extension is part of the local and statewide network of organizations and agencies that support Wisconsin’s \$104.8 billion agriculture industry. Extension helps enhance the economic impact of agriculture by providing research-based information that increases farm profitability, improves food safety, reduces environmental impacts and expands agribusiness networks.
